- Build a scale model of monument including Visitors’ Center and International Monument Pathway
- Confirm actual cost of monument
- Print, promote and distribute Foundation book , *Responsibility 911*
- Appoint new Board of Trustee members
- Expand staff of Foundation and open office in host city
- Complete release 2.0 of DVD
- Enhance 3-D computer animation of monument
- Begin to engage appropriate fundraising strategies (see section III)
- Promote “Pennies for Freedom” school-based fundraising program

III. Capital Campaign Phase (start date – TBD)

- Appoint National Spokesperson(s)
- Fully engage all *fundraising strategies* including:
 1. Phase II - Educational Awareness Campaign ‘Freedom Tour’ (target audience is school children via school districts nationwide)
 2. Presentations to Jewish bankers
 3. Grants from philanthropic foundations
 4. Corporate sponsorship donations (cause-related marketing approach)
 5. Individual donations
 6. International Monument Pathway (20 countries at \$5 million each)
 7. Millionaire Next Door (2 people from each state to be a Patriot level donor)
 8. On-line internet campaign (project awareness and fundraising)

IV. Construction Phase (start date – TBD)

- Build the monument
- Film crew documents the process for later production of documentary film to be shown in the Visitors' Center and sold by the Foundation
- Foundation photographer captures images for his commissioned book, a pictorial history of the monument project

V. Operational Phase (start date – TBD)

- Monument is unveiled and dedicated (current goal is 4 July, 2010)
- Foundation creates and funds an educational endowment fund to sponsor its ongoing educational scholarship program
- Foundation contracts with a private company to manage the operation of the monument
- Research, plan and market corporate educational/motivational retreat seminars to be held in the Visitors' Center and in top floor of monument
- Operational expenses to manage the monument property will be funded through ticket sales, concessions, bookstore sales, sales of monument replicas, corporate leasing of top floor, restaurant leasing, participation of countries in the International Monument Pathway, etc. Details of these projected expenses and income are provided exclusively by Randall Bell of BellConsulting.com.
- Three (3) to four (4) million visitors per year are projected to visit the Statue of Responsibility. These numbers are based on in-depth research of ten major monuments in the country as provided by BellConsulting.com.
- Foundation will maintain private ownership of the monument property for several years. Eventually the property may be offered to the National Park Service.
