

Speaking Profile

Dr. J. Michael Flynn

Dr. Flynn is a highly regarded and much sought after motivational speaker within the chiropractic profession, as well as the educational profession. His biggest satisfaction is to speak to students about the many opportunities in life and the responsibilities that accompany those opportunities.

Known as a leadership and positive attitude speaker, Dr. Flynn is an enthusiastic supporter of the Statue of Responsibility. He is skilled at weaving in the core messages of both the Statue of Liberty and the Statue of Responsibility into his presentations to his audiences, be they adults or youth. A common theme in many of Dr. Flynn's presentations is reflected in this quote by speaker and author, Denis Waitley, *"The greatest gifts you can give your children are the roots of responsibility and the wings of independence."*

Dr. Flynn has practiced chiropractic health care for 34 years in southern Louisiana. He is the past chairman of the Board of the American Chiropractic Association, past president of the Houma, Louisiana Chamber of

Commerce, and is currently the first vice president of the World Federation of Chiropractic, representing 92 countries.

"At a time when responsibility needs to become a major focus in the lives of all Americans, the Statue of Responsibility will be a beacon of hope for tomorrow, guiding and educating citizens about the opportunities to preserve freedom by being responsible in our lives," says Dr. Flynn. Dr. Flynn continues, "Sir Winston Churchill said it best in his statement, "*The price of greatness is responsibility.*"

Dr. Flynn draws inspiration from this quote by Dr. Viktor E. Frankl, Holocaust survivor and author of *Man's Search for Meaning*, "*Everything can be taken from a man or woman except one thing, the last of the human freedoms - to choose one's attitude in any given set of circumstances, to choose one's own way.*"
